

Curriculum

Timber Faith Preschool provides an age-appropriate Christian curriculum. We begin each day with the Lord's Prayer and then the Pledge of Allegiance. Our curriculum is aligned with the Ohio Birth to Five Learning and Development Standards. We tailor our Lesson Plans to individual children using developmentally appropriate strategies. We use music, art and most importantly PLAY to teach our children. Our program emphasizes the critical skills needed for children to succeed in Kindergarten and beyond.

"Play is often talked about as if it were a relief from serious learning. But for children, play IS serious learning."

~Fred Rogers

Our Program

Timber Faith Preschool has been developed to meet the needs of the local community.

Through cognitive, physical, emotional, social, and spiritual growth, young children ages 3 through 5 develop a positive self-image, a strong Christian value system, and the skills necessary to succeed beyond the preschool environment.

Our program is designed to promote spiritual growth through a faith-based education. It is through this faith that children can begin a life-long relationship with God.

Timber Faith Preschool has a "cooperative" program in which parents are invited into the classroom on a rotating basis to serve as a volunteer. This is a wonderful opportunity for parents to become actively involved in their children's learning and their understanding of Christian values.
