

**REVISED COVID-19 PROTOCOLS**  
**Effective Sunday, Sunday, July 4, 2021**

The Covid-19 health emergency has been lifted and case counts in Clinton County remain very low. Therefore the Session of the Presbyterian Church of Wilmington has revised our protocols as follows:

1. **Stay home** if you have a fever, are sick, or have known exposure to someone with COVID-19.
2. **Masks will be optional for fully vaccinated persons.** Those who have not received both Covid-19 vaccine shots should continue to wear masks in the building. Those with health issues, such as a suppressed immune system, should still be masked.
3. **The cry room** at the back left side of the sanctuary is available for anyone who would like to attend, but who, for health reasons, needs to maintain distance from others.
4. **All pews will now be open for seating, but physical distancing should continue.** Please maintain a minimum of six feet from others who are not living in the same household.
5. **Handshaking and hugging are still not recommended.** Passing of the peace can be by waving, bowing toward persons, or making the sign of peace.
7. **Bulletins** can be picked up from the table at the entrance to the sanctuary
8. **Offerings** can be placed in the offering plate on the table inside the sanctuary doors.
9. **The use of pre-packaged Communion elements** will continue for the time being.
10. **Choir: Choir will resume in September, but singing by unvaccinated persons is not recommended.**
11. **Hand sanitizer** will be inside the entrance to the building. Please use when entering and leaving the building.
12. **Coffee hour will resume in the Fellowship Hall beginning Sunday, July 4, 2021.** Pre-packaged snacks will continue to be used.
13. **Members are still asked to notify the office** if known exposure to the virus has occurred, and they have been attending in-person worship services.
